

THE EVENING BULLETIN.

VOLUME XVII.

MAYSVILLE, KY., THURSDAY, NOVEMBER 10, 1898.

NUMBER 299.

IT'S STILL IN DISPUTE.

Both Parties Claim the House of Representatives.

SOME FIGURES GIVEN OUT.

By Chairmen of the Respective Congressional Committees.

SCORE OF DISTRICTS IN DOUBT.

Official Count May Be Necessary to Determine the Complexion of the Lower House of Congress. Echoes of the Recent Election.

Washington, Nov. 10.—Chairman Babcock of the Republican congressional committee said that the house of representatives of the Fifty-sixth congress would be Republican without doubt.

In a statement, Chairman Babcock said: "There can be no longer any reasonable argument over the political complexion of the next house of representatives. It will be Republican beyond the shadow of a doubt. Our advisers show the certain election of 185 Republicans, six more than enough to give us control. These are straight Republicans and our majority will be over the combined opposition. Our information induces us to place nine districts in doubt. These are the Seventh in California, the Third, Fourth, Fifth and Sixth in Nebraska; the Seventeenth, Nineteenth and Twenty-sixth in Pennsylvania and the Twelfth in Texas. We are reasonably certain to get some of these. Without them, however, we have a clear majority and are resting perfectly easy."

THIS IS DIFFERENT.

At the headquarters of the Democratic congressional committee, confidence is expressed that the Democrats will control the next house of representatives. Secretary Kerr will not concede many of the claims made by Chairman Babcock of the Republican committee, and says that in a large number of districts it will require the official count to determine definitely the result.

"It seems certain," said Secretary Kerr, "that we have elected 183 members of the next house, the Republicans 163, and that 11 districts are in doubt. In New York we will have 21 members; in Pennsylvania nine, and perhaps ten; in Kansas four at least, and perhaps five; in Nebraska four; in North Carolina nine, and in California two or three. Information is slow coming in because the count in so many districts is very close. Our figures are based upon definite returns, and I am satisfied that they are entirely accurate."

West Virginia In Dispute.

Wheeling, Nov. 10.—The Republicans have elected two congressmen in West Virginia sure, Dover in the First (Wheeling) by 1,800 majority, and Freer in the Fourth by 1,000 majority. Both parties claim the Second and Third. Chairman Dawson of the Republican state committee claims the election of seven Republicans and six Democrats to the state senate, and 40 Republicans and 31 Democrats to the house of delegates. With the hold-over senators this will give the Republicans a majority of 13 on joint ballot and insure the election of a United States senator as a successor to Faulkner (Dem.). Chairman Ohley of the Democratic committee claims the legislature on joint ballot.

Ohio Soldier Stabbed.

Knoxville, Tenn., Nov. 10.—Private Arthur Parker, company M, Second Ohio, lies in the division hospital with three bad knife wounds. He quarreled with an unknown civilian over an inmate of a house of ill repute, when suddenly his opponent drew a long knife and stabbed him three times, once in the back, once across the abdomen, almost disemboweling him, and once directly over the heart. Parker has a wife and family in Paulding. The civilian escaped.

Indiana Congressmen.

Indianapolis, Nov. 10.—Late advices indicate the following congressional results in Indiana: First district, J. A. Hemenway (Rep.); Second, Robert W. Miers (Dem.); Third, W. T. Senor (Dem.); Fourth, F. M. Griffith (Dem.); Fifth, in doubt; Sixth, James A. Watson (Rep.); Seventh, Jesse Overstreet (Rep.); Eighth, George W. Cromer (Rep.); Ninth, C. B. Landis (Rep.); Tenth, F. D. Crumpacker (Rep.); Eleventh, George W. Steele (Rep.); Twelfth, Dr. C. B. Stevens (Rep.); Thirteenth, A. L. Brick (Rep.).

Late Report.

Chicago, Nov. 10.—Reports to a press agency from 386 of the 367 congressional districts show that the Repub-

licans have elected 173, the Democrats 150 and the Populists and fusionists six. There are still 21 doubtful districts, in several of which the official count will be necessary to determine the result. Of these 21 districts called doubtful, ten now have Republican, nine Democrat and two fusion representatives.

Administration Pleased.

Washington, Nov. 10.—The election formed the theme that almost exclusively occupied the attention of the cabinet at a special session. The feeling expressed at the meeting, summed up, was that the election results showed a hearty endorsement of the administration, and that in the main the Republican losses in some of the cities were attributed to the development of local feeling following the tidal wave of 1896 in districts which then elected Republicans on very large majorities.

Ohio Districts In Doubt.

Columbus, O., Nov. 10.—The only continued interest in Ohio election returns are those of the Third and Seventh congressional districts. The Republicans are claiming the Third as well as the Seventh, and the Democrats the Seventh as well as the Third. It is believed that the Republicans elect Weaver in the Seventh by 71 plurality, and the Democrats re-elect Brenner in the Third by 87, which leaves the Ohio list in congress 15 Republicans and six Democrats.

Fusion Defeated.

Seattle, Wash., Nov. 10.—Returns from the state of Washington are yet incomplete, but enough are at hand to make it certain that the Republicans have overcome the fusion majority of 12,000 two years ago, elected both congressmen and two supreme court justices by a majority of at least 3,000. The legislature which will elect a United States senator will be Republican on joint ballot by at least 40 out of a membership of 112.

Roosevelt's Plurality.

New York, Nov. 10.—The latest figures obtainable show that Roosevelt's plurality in the state is not far from 20,000. Only 10 counties in the state gave Van Wyck pluralities, and they were all localities swayed by cities, as New York, Kings, Queens and Erie. The falling off in Roosevelt's plurality as compared with Black's in 1896 is due to a decrease in the Republican vote up the state of 61,000 and in Greater New York of 62,000.

Senator Hanna Satisfied.

Cleveland, Nov. 10.—Concerning the result of the election, Senator M. A. Hanna said: "The result in the state is an excellent endorsement for the administration, while the result in New York is another endorsement for the administration of national affairs. The American people are satisfied with the conduct of the war and its successful outcome and they showed it at the polls on Tuesday."

Democrats Made Gains.

New York, Nov. 10.—The result on congressmen in this state seems to have surprised even the Democrats themselves. Nineteen of their candidates were elected, the Republicans getting but 15. In the present house the New York delegation stands 27 Republicans to 6 Democrats. In the Greater New York all the Democratic candidates were elected.

Mixed Results.

San Francisco, Nov. 10.—Less than half of the vote of California has been counted. Gage (Rep.), for governor, will have 20,000 in excess of Maguire. It is reasonably sure also that the Republicans have carried the rest of the state ticket with the exception perhaps of secretary of state and two judges of the supreme court.

Nebraska In Doubt.

Lincoln, Neb., Nov. 10.—Returns by counties, which come with provoking slowness, indicates a scaling off of Republican gains, making the state ticket in doubt and so close that official count may be required. The legislature is probably Republican on joint ballot, but Senator Allen will not concede it.

Wyoming Republican.

Cheyenne, Wyo., Nov. 10.—There appears to be no reason to change the estimates of the Republican state chairman, except that the Republican majority in the state will increase. This is indicated by surprising returns from new precincts.

Minnesota's Solid Delegation.

Minneapolis, Nov. 10.—It is now practically certain that Page Morris (Rep.) is re-elected in the Sixth Minnesota, making a solid Republican delegation from this state.

Pennsylvania's Delegation.

Philadelphia, Nov. 10.—The delegation from Pennsylvania to the next congress will comprise 21 Republicans and nine Democrats, a Democratic gain of six.

Result in New Jersey.

Trenton, Nov. 10.—The New Jersey returns, with a few districts missing, show a plurality for Voorhees (Rep.) of 5,002.

DISABLED BY A MISHAP

Cruiser Buffalo, Manila Bound, Returns to Port.

MACHINERY BROKE DOWN.

A Commission Appointed by the Secretary of the Navy to Thoroughly Investigate the Accident and Place Blame.

Washington, Nov. 10.—The cruiser Buffalo, which sailed Saturday from Sandy Hook bound for Manila to join Admiral Dewey's squadron, put in at Newport, R. I., with machinery broken down.

Captain Hemphill, commanding the ship, reported by telegram that he had been unable to proceed further on his course and had been obliged to seek a shore station to repair. He asked for an investigation to fix the responsibility for the breakdown, and Secretary Long responded immediately by appointing Commander John McGowan, superintendent of the training station; Commander C. H. Stockton, president of the war college, and Chief Engineer R. S. Griffin of the Mayflower a court of inquiry, with Lieutenant W. I. Chambers as judge advocate. The court will meet Friday at Newport.

Such information as the navy department has indicates that the breakdown is not serious, and is confined to some of the valve gear of the air pumps. The Buffalo was formerly the Nitrotheroy of the Brazilian navy, and before that even was a merchant ship plying between New York and Rio. Our government purchased her from Brazil at the outbreak of the war, but she was found to be in wretched condition as the result of many years' neglect. She will resume her voyage at the earliest possible moment.

FRENCH PAPERS

Approve of the Silence of Deputies on Fashoda Question.

Paris, Nov. 10.—The French newspapers generally approve the silence of the chamber of deputies on the subject of Fashoda, and congratulate M. Brunot on his withdrawal of the interpellation, which he intended to address to the government on the subject.

The Seiclé says it regrets that Major Marchand did not observe the same reticence at Cairo.

For White Man.

Washington, Nov. 10.—Special from Wilmington, N. C., gives the details of a massmeeting of 600 citizens of that city at the courthouse there, "to assert the supremacy of the white man." Representative Waddell presided and read a series of resolutions, reciting the determination of the white citizens to forever rule the city, and to commence the work immediately, declaring that hereafter white labor should be given preference over colored, and calling for the banishment of Alex. Manly, the negro newspaper publisher, who printed an objectionable editorial recently. An amendment was offered calling on the mayor and chief of police and board of aldermen to vacate their offices now, instead of waiting until their terms expire in March. These resolutions were referred to a committee.

Killings in Texas.

Dallas, Nov. 10.—Election day was a bloody one in Texas. At Hubbard, Stephens county, Roscoe McCarthy, Joseph Ramby and Jefferson Squires were killed, and J. F. McCarthy and Riley Squires probably mortally wounded in an election quarrel. At Steuber, in Hopkins county, R. E. Sutton and George Young were killed. At Aubrey, Denton county, Deputy Sheriff B. Taylor was shot through the neck by Lee Webb and dangerously wounded. At Sheffield, in Trinity county, J. W. Ashfield was killed and his father probably fatally wounded by persons whose names have not been learned.

Election Tragedy.

Ravenswood, W. Va., Nov. 10.—In Roane county, near Spencer, a fight occurred over the election, and Shed Freeland was shot and instantly killed and his brother Lee and Henry Ganell mortally wounded.

Disastrous Kentucky Fire.

Hopkinsville, Ky., Nov. 10.—The office of the Kentucky Telephone, at Cadiz, the only newspaper in Trigg county, was destroyed by fire. The offices of a number of lawyers and doctors in the Telephone building also burned. The fire is thought to be of incendiary origin. Loss \$10,000. Several serious if not fatal casualties are reported. N. B. Shelton had his leg broken and side mashed and W. C. Stubbs had his head crushed.

Russian peasants eat sunflower seeds in large quantities. You can hardly find a man who has not some sunflower seeds in his pocket.

FOUR NEGROES LYNCHED.

Drastic Measures Adopted by Whites to Quell Murderous Blacks.

Greenwood, S. C., Nov. 10.—A telephone message from Phoenix, the scene of the race riot in this county, reports all quiet there. About 40 armed men are on duty there.

Four negroes were lynched near Phoenix. Certain evidence was secured that they were implicated in the shooting of the white men. About 100 white men participated in the lynching and there was no attempt at disguise or concealment.

All is quiet here at this hour, though more trouble is expected in the Phoenix section. The efforts that have been made to prevent bloodshed have so far been of no avail. Public sentiment here seems to indorse the lynching.

After a Negro Edition.

Wilmington, N. C., Nov. 10.—There was a conference between the committee and a number of the most influential negroes of the city as to whether or not Editor Manly would comply with the requirements of the resolutions. If he does not, white men propose to go in full force and destroy the newspaper plant and forcibly expel the editor. There is intense excitement and many fear that negroes will attempt to protect Manly. If they do the worst can be expected.

Secured a Fortune.

Akron, O., Nov. 10.—The state has collected evidence to show that Edgar Johnson, the confessed murderer of Oscar Osborne, secured \$10,000 in gold after killing the old man. The sum was hidden under the floor of a woodshed. The day after the murder it was found that the floor had been ripped up and a tin pall dug out of the ground. Johnson is known to have passed several \$20-gold pieces in Akron. He refuses to say anything in reference to the money.

Quay in Pittsburg.

Pittsburg, Nov. 10.—Senator M. S. Quay was in Pittsburg, en route from his home in Beaver to the east. The senator was in good spirits and expressed his gratitude over the election. He said, however, that it was nothing more than he expected and that 185,000 plurality for Colonel Stone, for governor of Pennsylvania, was a very conservative estimate. Senator Quay declined to say anything about his candidacy for re-election to the United States senate.

Windowglass Cutters' Scale.

Syracuse, Nov. 10.—An agreement was reached at a conference in this city between the wage committees representing the Windowglass Cutters' League of North America and the windowglass manufacturers for the northern district. A wage scale was adopted giving the laborers an advance of between 3 and 4 per cent.

In the Tolls.

London, Nov. 10.—Claude Vautin, the metallurgist and inventor, known on the Pacific coast, where he has lectured on mining subjects and who was reported to have left London recently after a financial coup by which he secured £20,000 (\$100,000) in Bank of England notes and American railroad securities, was arrested in Florence.

Salisbury's Speech.

London, Nov. 10.—At the Guildhall banquet the Marquis of Salisbury did not announce a British protectorate of Egypt, but he emphasized the necessity of being prepared for all eventualities. The premier also said the United States was a new and disturbing factor in European politics, but not to the detriment of Great Britain.

Lord Mayor's Show.

London, Nov. 10.—The lord mayor's show was favored with fine weather and was witnessed by the usual crowds of people. The enthusiasm was divided between the car representing the Sowdan with soldiers of the regiments which took part in the battle of Omdurman and the car representing the English speaking races.

Distinguished Passengers.

New York, Nov. 10.—Among the passengers who arrived on board the steamer Vigilancia from Havana were Congressmen George F. Huff and John Dalzell, and J. F. Slagle of Pittsburg and E. M. Gross of Chicago. Mr. Dalzell visited south side ports in Cuba and later went to Havana on the transport Panama.

Lottie's Rash Act.

London, Nov. 10.—Lottie Collins, the music hall singer, attempted to commit suicide by opening veins in her throat and wrist with a penknife. She was taken to a hospital, where it was found that her wounds were not serious, and she was removed to her home.

Upper Sandusky, O., Nov. 10.—William Beach, 60, and partially deaf, was struck by a train and instantly killed. He was a section man at work on the track when the accident occurred.

REFUSE TO BACK DOWN

American Reply to the Recent Spanish Protest.

INSIST ON FIRST DEMANDS.

Spain's Contention Regarding the Disposition of the Philippines Meets With a Full Refutation at Peace Conference.

Paris, Nov. 10.—When the meeting of the peace commission opened the Americans presented to their Spanish colleagues the answer of the United States to the claims submitted on Friday last in behalf of Spain.

The document in which the answer of the Americans was set forth consisted of nearly 50 sheets of typewritten matter. It was a refutation of the Spanish allegation that because the words "possession," "ownership" or "cession" do not occur in the protocol clause touching upon the Philippine islands the peace commissioners have no right to discuss them here, and that even if they did so it must be in the light of the alleged fact of an exterior agreement that Spain's sovereignty should not be impaired.

The Americans also answered Spain's claim for the restitution to her of public money and customs collections taken by United States officials since the capitulation of Manila, and made reply to Spain's claim for an indemnity on account of the alleged imprisonment by United States authorities of Spanish troops at Manila, and for their subsequent restraint from being of service to Spain in the suppression of the insurrection and the preservation of property.

The American commissioners held that there was justification under the terms of the protocol for the discussion of the future of the Philippine islands, and they also claimed that the occupation of Manila is a military occupation which justifies the United States in collecting the revenues, administering the government and exercising all the functions of possession.

The joint session was short because Senator Montero Rios and Judge Day concurred in the service of the American rejoinder upon the Spanish commissioners without a formal reading of the paper, which would occupy many columns in an ordinary newspaper, and an adjournment was taken until Saturday.

It is quite safe to say that the Americans have made no new propositions regarding the possession of the Philippines, but confined themselves to a discussion of the proposals and assertions made by Spain at the previous meeting.

Spain Will Fight.

Paris, Nov. 10.—The Gaulois says: "It is certain that the Spanish peace commission will maintain the contention that all the clauses of the protocol must be faithfully observed by the Americans, as they have been by the Spaniards, regarding Cuba and Porto Rico. The Spanish commission holds that no discussion on the Philippines can be tolerated and that the sovereignty of Spain over those islands will be maintained."

Editors Jailed.

Havana, Nov. 10.—Carlos Carrio and Manuel Poia, owners and editors of El Noticiero Universal, an evening paper, were arrested and lodged in Cabanas fortress for publishing an article offensive to the United States, which was printed in spite of the fact that it had been red-penciled by the censor. The paper has been suspended.

Spanish Prize Vessels.

Key West, Nov. 10.—The Spanish gunboats Alvarado and Sandoval, which were taken as prizes during the late war, have arrived from Guantanamo, Cuba, en route for Portsmouth, N. H., where they will undergo a thorough overhauling. The vessels put into this port for the purpose of obtaining provisions and other supplies.

Presents For the Soldier Boys.

Washington, Nov. 10.—The postoffice department announced that the transport steamer St. Paul will sail from San Francisco direct for Manila on Nov. 17, carrying the mails and also Christmas presents for our soldiers and sailors.

For the Antilles.

New York, Nov. 10.—The transport Manitoba started for Savannah, where she will take on board the Eighth cavalry, to be sent to Nuevitas. The cavalry will form a part of the garrison to police the province of Puerto Principe.

Off to Porto Rico.

Savannah, Nov. 10.—The United States transport Michigan sailed with six troops of the Fifth United States cavalry, under command of Colonel C. C. Carr, for Ponce, Porto Rico. She carried about 600 horses and 545 men.

KENTUCKY CROPS.
 Condition of Wheat at the Close of October.
 Corn Considerably Damaged in the Shock.

In his report showing condition of crops November 1st, the State Commissioner of Agriculture, says:
 "Wheat sowing was interrupted during October by the continued wet weather. In many counties the soil was too wet to cultivate for a period of three weeks, while in the most favored counties farmers were unable to proceed for a few days only without interruption by rain. At this date (November 1st) a large per cent. of the acreage remains to be sown. Farmers generally had prepared their fallow land early and many seeded during month of September. This early wheat has been the prey of Hessian fly and other insect enemies of the young wheat plant to such an extent that re-sowing of much of it has been found necessary. Where free from injury from insects early wheat has made phenomenal growth and some of it in fact has reached the "jointing" stage. A continuance of the growing season will soon render it liable to injury by the slightest freeze."
 "The condition of the crop averages 96 for the State. The highest average, 100, is shown in the southeastern district. In the central district the condition averages 95, and the average for the western district is 87. On November 1st, 1897, the condition for the State was 62, and for a corresponding date of 1896 the condition was 96."
 "The estimates on acreage are, to a certain extent, unreliable, owing to the fact that a large per cent. of the crop remains to be sown. Preparations were undoubtedly begun for an unusually large acreage, but the injury to early wheat and the delay in getting the late wheat in the ground will affect the acreage and estimates to be made next month will be taken as final."
 "The estimated acreage at this date, taking the State, is 107, as compared with acreage of 1897. The largest increase is shown in the few counties of the southeastern district where the crop is grown. Here the acreage is estimated at 117, as compared with 1897. The acreage in the central section is 103, and in the western 105, as compared with 1897."
 "The amount of corn damaged in shock and on stalk by wet weather is exceeding all predictions. A few correspondents estimate that 40 per cent. of the crop is worthless, while the most conservative estimate the loss at 15 to 20 per cent. The trouble is general, and unless the injury is much exaggerated, the loss will very much affect what was considered the largest yield ever produced. The ears are still very sappy and perfect maturity appears to have been prevented by the unusually moist season."
 "Farmers whose growing wheat is suffering from insects are requested to send specimens of the insect working the injury to Prof. Garman, Entomologist of the Agricultural Experimental Station at Lexington, in order that remedies or preventatives may be suggested."

The venerable Henry F. True, of Dover, died suddenly Monday night, aged eighty years.
 He Fooled the Surgeons.
 All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from rectal fistula, he would die unless a costly operation was performed; but he cured himself with five boxes Bucklen's Arnica Salve, the surest cure on earth and the best salve in the world. 25 cents a box. Sold by J. James Wood & Son, druggists.

INVOLUNTARY BANKRUPTCY. Provisions of the National Law on the Subject That Went into Effect Last Week.

The National Bankruptcy act in its involuntary feature not being generally understood, the following extracts may serve to provide a general idea of its operation:
 "Any natural person, except a wage-earner or a person engaged chiefly in farming or the tillage of the soil, any unincorporated company and any corporation engaged principally in manufacturing, trading, painting, publishing or mercantile pursuits, owing debts to the amount of \$1,000 or over, may be adjudged an involuntary bankrupt upon default or an impartial trial, and shall be subject to the provisions and entitled to the benefits of the act. Private bankers, but not State banks or banks incorporated under State or Territorial laws, may be adjudged involuntary bankrupts.
 "Acts of bankruptcy by a person shall consist of his having conveyed, transferred, concealed or removed, or permitted to be concealed or removed, any part of his property with intent to hinder, delay or defraud his creditors, or any of them; or his having transferred, while insolvent, any portion of his property to one or more of his creditors with intent to prefer such creditors over his other creditors; or his having suffered or permitted, while insolvent, any creditor to obtain a preference through legal proceedings, and not having at least five days before a sale or final disposition of any property affected by such preference; or his having made a general assignment for the benefit of his creditors; or having admitted in writing the inability to pay his debts and his willingness to be adjudged a bankrupt on that ground.
 "A petition may be filed against a person who is insolvent and who has committed an act of bankruptcy within four months after the commission of such act.
 "Petitions may be filed by three or more creditors who have provable claims against any person which amount in the aggregate to \$500 or more in excess of the value of securities held by them; or if all of the creditors of such person are less than twelve in number, then one of such creditors whose claim equals such amount may file a petition to have him adjudged a bankrupt.
 "Whenever a petition is filed by any person for the purpose of having another adjudged a bankrupt, and an application is made to take charge of and hold the property of the alleged bankrupt, or any part of the same prior to the adjudication and pending a hearing on the petition; the petitioner or applicant shall file in the same event a bond with at least two good and sufficient sureties, who shall reside within the jurisdiction of said court, to be approved by the court or a Judge thereof, in such sum as the court shall direct, conditional for the payment, in case such petition is dismissed, to the respondent, his or her personal representative, all costs, expenses and damages occasioned by such seizure, taking and detention of the property of the alleged bankrupt.
 "A bankrupt may offer terms of composition to his creditors after but not before he has been examined in open court or at a meeting of his creditors and filed in court the schedule of his property and list of creditors, required to be filed by bankrupts.
 "A person against whom the involuntary petition has been filed shall be entitled to have a trial by jury, in respect to the question of his insolvency, except as herein otherwise provided, and any act of bankruptcy alleged in such petition to have been committed, upon filing a written application therefor at or before the time within which an answer must be filed.
 "Appeals, as in equity cases, may be taken in bankruptcy proceedings from the courts of bankruptcy to the Circuit Court of Appeals of the United States and to the Supreme Court of the Territories, in the following cases: From a judgment adjudging or refusing to adjudge the defendant a bankrupt; from a judgment granting or denying a discharge, and, from a judgment allowing or rejecting a debt or claim of \$500 or over."

Glorious News
 Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of eczema, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

Friday's Cash Sale.

INITIAL HANDKERCHIEFS.
 We caught Maysville's bargain lovers napping last week. It was truly strange. We told of 15c. Japonette, silk embroidered handkerchiefs at 8 1/2c. for men and boys, and less than fifty people came for them. To be sure it was raining—maybe too cloudy to read the papers. But look out! There'll be a waking up Friday and the handkerchiefs may be gone before your needs are filled.

STILL IN DOUBT.
 Is the Result of the Congressional Election in this District—It's Very Close.
 The result of the Congressional election is still in doubt, with both parties claiming it. It's very close and it will take official count to settle it. According to latest returns, the majorities in the counties are as follows:

FOR WILLIAMS.	
Mason.....	336
Robertson.....	149
Harrison.....	123
Lawrence.....	41
Nicholas.....	405
Bath.....	141
Bracken.....	235

FOR PUGH.	
Lewis.....	895
Greenup.....	219
Boyd.....	64
Rowan.....	160
Carter.....	400
Total.....	1,734

This gives Williams 17. The Courier-Journal, however, gives Pugh 450 majority in Carter, which, if true, elects him. The complete vote on turnpike questions is as follows:

Tailor-Made Suitings,

◇50c◇

By the supreme decree of Dame Fashion, precedence is given to the Tailor-made Suit for this Fall and Winter wear. Heretofore the proper cloths for the nobby "Tailor-made" have been beyond the reach of the popular purse. You'll find here a line of Suitings in all colors, forty-four inches wide and guaranteed all wool at 50c. and 59c. a yard, that are worth fully one-half again as much. It was a special purchase and we'll dispose of 'em at a special bargain price. You had better give 'em a look.

Wool Waists

WATSON-BURGESS.

A Popular Young Couple Wedded Last Evening at 9 O'Clock.

The Christian Church the Scene of the
Nuptial Event of the Season.

A more beautiful nuptial scene has rarely, if ever, been witnessed in this city than that of last evening at the Christian Church when Mr. Frederic Stanley Watson and Miss Mary Katherine Burgess, one of Maysville's most popular and worthy young couples, plighted their marriage vows in the presence of an audience that filled to overflowing the house of God.

During the impressive ceremony, as the bridal party were grouped about the altar, with stately palms and other tropical plants in the background, it was indeed a scene for the artist.

The music was rendered by Miss Lida Rogers, violinist, with organ accompaniment by Miss Berry. A number of selections were rendered during the wait, and at 9 o'clock the sweet strains of the wedding march filled the church as the bridal party entered. Lieutenant Carroll Power, of Lexington, and Mr. J. Clark Rogers lead the procession, followed by two of the bridesmaids, Miss Eleanor Chinn, of Lexington, and Miss Bertie Robinson, of this city. Next came Mr. Attila Norman, of Frankfort, and Mr. James B. Wood of this city, then Misses Rosa Watson and Mary Finch, followed by the maid of honor, Miss Hattie Dobyns. Lastly came the charming young bride on the arm of her father. From the chapel in the rear, the groom and his best man, Mr. Frank O. Barkley, entered from the door on the right, while the officiating minister, Rev. Howard T. Cree, approached from the one on the left. The impressive ceremony was soon spoken, and the happy couple went forth, followed by the hearty congratulations and good wishes of all.

The bride is the only daughter of Mr. and Mrs. Asa R. Burgess, and is one of Maysville's charming and accomplished young ladies. She was a vision of queenly grace and loveliness in a costume of white satin, covered with muslin de soie (her mother's wedding gown), enriched with pearls and orange blossoms. She carried Bride roses.

The maid of honor and bridesmaids were gowned as follows:

Miss Dobyns; ruffled Paris muslin,

with white ribbons; pink chrysanthemums; white gloves.

Miss Chinn; Paris muslin, with blue ribbons and blue gloves; pink chrysanthemums.

Miss Robinson; Paris muslin, with blue ribbons and blue gloves; pink chrysanthemums.

Miss Watson; Paris muslin, blue ribbons and gloves; pink chrysanthemums.

Miss Finch; Paris muslin, blue ribbons and gloves; pink chrysanthemums.

The groom is a son of the late John W. Watson and is one of Maysville's successful and worthy young business men. He is indeed to be congratulated on his choice.

Mr. and Mrs. Watson left on the 10:45 train for New York where they will spend some time as guests of the groom's brother, Mr. E. H. Watson.

JUDGE JAS. KEATON, of Oklahoma, was a candidate for Congress at the election this week. He is a Kentuckian, and a relative of Mrs. I. S. Kay, of Lewisburg, and also of Dr. Huff, of Poplar Plains.

Miss Susie McHugh died last evening at 7:15 o'clock, at the home of the family on Jersey Ridge, after a brief illness, aged thirty years. She was a daughter of Mr. and Mrs. Patrick McHugh. The funeral will occur at 9 a. m. Friday, at St. Patrick's Church, with high mass. Interment at Washington.

River News.

Wednesday's rain will cause another rise.

Keystone State for Pittsburg to-night and Stanley for Pomeroy. Nisbet down.

One hundred men are at work on the dam being constructed below the falls of the Kanawha. The company expects to have the stupendous work of chaining the falls completely within a year and the power utilized for manufacturing purposes.

The Pittsburg Press says: "Never in the history of the river trade has the freight traffic between lower river ports and this city been so large at this time of the year. The principal trade seems to be cider and live stock, with a large amount of fruit, such as apples and other stuff thrown in. The packet owners are delighted with the fall outlook, and only hope the rush will keep up."

SACK OF CORN

Cost a Man His Life—Was Shot by a Farmer.

VANCEBURG, Ky., Nov. 8.—Wm. Bennett was found lying in the county road mortally wounded, near Covedale, by a pedestrian, at an early hour this morning. He was taken to his home, where he died at 9 o'clock.

When found he had a sack of yellow corn on his shoulder, which he had evidently stolen, and for which, no doubt, he was shot. The farmer from whom he had stolen the corn during the night evidently heard him and gave chase.

His body and head contained six charges, or about 150 buckshot. So it seems the farmer wished to be sure of his mark. Bennett was a thief, having been shot once before when caught in the act.

One thousand hod-carriers wanted at McClanahan & Shea's to buy their 10-cent coal hod.

At Escalopia Charlie Toller, a twelve-year-old lad, accidentally discharged a revolver which he was handling, and was instantly killed.

The Maysville packet Courier had some trouble just as she approached the landing here this morning. Her tiller rope became fastened, and the ferry Laurance had to go to her assistance.

A CANNING factory at Owensboro during the past season put up 110,000 cans of pears, 300,000 cans of tomatoes, 600,000 cans of corn, 100,000 cans of pumpkin, 15,000 cans of squash, 60,000 cans of blackberries, 10,000 cans of cherries, 3,000 cans of peaches and 40,000 cans of string beans,—making a total of 1,238,000 cans, costing, all told, \$48,000.

MR. POLK MILLER, the Virginia wit and humorist, was the guest of honor at a possum supper given Tuesday night at the St. Charles Hotel by Mr. Charles D. Pearce and Dr. Adamson. It is needless to add that the affair was thoroughly enjoyed. Mr. Miller left Wednesday for St. Louis, but will return next Monday to give one of his inimitable entertainments, at the court house Monday night.

ENCOURAGED

By my large and steadily increasing trade, I have determined to meet, to the fullest extent, all the wants of that trade, and have bought more extensively than ever before and have now in stock and daily arriving, bought from first hands for CASH, at rock-bottom prices, what I have no hesitancy in saying is the largest, cleanest, most complete and attractive stock ever offered to the people of Maysville and vicinity. I wish to call special attention to my immense and superior stock of New Crop Melasses, Sorghum, Green and Roasted Coffee, Sugars and Teas of all grades, the finest brands of Sugar Cured Hams, Breakfast Bacon, Boneless Shoulders and pure Leaf Lard; the most complete stock of Canned Goods, Catsup and Pickles; the greatest variety of Raisins, Prunes, Currants, Citron, Lemon and Orange Peel, Figs, Dates, Shelled Almonds and every article in that line fresh and new; Maple Sugar and Maple Syrup, Buckwheat Flour, Graham Flour, Rolled Oats, Oatmeal, Wheatflour, Hominy and Cereals of all kinds; Dr. Price's Flavoring Extracts and Fruit Colorings, the purest and best in the world.

My house will be THE HEADQUARTERS for Poultry, Game, Oysters, Celery, Cranberries, Apples, Oranges, Lemons, Bananas, &c.; in fact every article good to eat and of the very best. I allow no one to handle better goods than I do and I cannot and will not be undersold either here or elsewhere.

Remember I still handle "Perfection" Flour, which is the best, and my Superior Blended Coffee has no equal.

For the Holidays I have made larger purchases than ever before of FIREWORKS of all kinds and CANDIES, so keep a lookout for my great Holiday special, which will be a stunner.

I run two wagons regular, and will deliver all goods sold to any part of the city promptly. A street car ticket given with each cash purchase of \$1.00 or over. Don't fail to call for a Picture Card and secure an elegant Picture of any one of your family.

People from the country are invited to make my house headquarters while in our city.

Honorably Discharged.

Washington, Nov. 10.—By direction of the president Evan Miles has been honorably discharged as brigadier general of the volunteers and ordered to return to the command of the First Infantry, of which he is colonel.

In Search of Maria Teresa.

Newport News, Va., Nov. 10.—The United States repair ship Vulcan went to sea in search of the lost Spanish cruiser Marie Teresa, which is believed to be ashore somewhere in the vicinity of Cat Island.

Occupation of Cuba.

Washington, Nov. 10.—The president, as well as some of the cabinet, are in receipt of private dispatches bearing on the Cuban situation. It is believed that the Spaniards will be informed through our commissioners at Havana that the evacuation of the island is not proceeding with the dispatch that the United States has a right to expect. On the other hand, it is said that yellow fever exists in Havana and that it would not be prudent to send troops at this time to occupy the city, even if the Spaniards were ready to evacuate it. There is no doubt, however, that the United States will take formal possession of the Cuban government on Jan. 1.

Jack Tar Desert.

Newport, R. I., Nov. 10.—The cruiser Buffalo, Commander J. N. Hempson, which left New York a few days ago for Manila, put in here during the night to await orders. She had on board about 700 men for the ships of Admiral Dewey's fleet, but a considerable number deserted before the cruiser left New York. It is not known yet whether the Buffalo will proceed to the Pacific by way of the Suez canal or around Cape Horn.

With Dead Soldiers.

Washington, Nov. 10.—The war department has received the following from General Wood at Santiago: "Transport Berlin sailed with the following remains: Lieutenant John A. Curney, Twenty-fourth United States Infantry; Privates Eugene A. Hussey, company A; Herman W. Goetz, company F; Ernest W. Beltz, company G; James Edgar, company I; First Illinois volunteer infantry."

Recovered the Body.

Santiago de Cuba, Nov. 10.—Word was received here that after a hard day's search, the body of General Vera Del Rey had been discovered near El Caney, in spite of the efforts of the Cubans to prevent its discovery. A procession escorting the body commenced the journey towards Santiago under escort of the Fifth United States Infantry and a band of music.

Havaneese as a Civil Guard.

Washington, Nov. 10.—It is understood that General Lawton has been selected to go to Cuba to investigate the feasibility of utilizing the Havana volunteers as a civil guard during and after the evacuation of the Spanish.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. O. Hannick & Co., of Shelby, N. O. Trial bottles free at J. J. Wood & Son's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

COLLECTOR ROBERTS.

He is the Official to Whom You Should Apply For Information in Regard to War Tax.

The following circular is self-explanatory:

OFFICE OF THE COMMISSIONER OF INTERNAL REVENUE, WASHINGTON, D. C., October 29, 1898.
To Collectors of Internal Revenue: Letters from the public in regard to the provisions of Schedules A and H of the war revenue act continue to be received at this office in such numbers as are beyond the capacity of its clerical force to promptly answer, and the situation is such as calls for some measure of immediate relief.

Collectors of internal revenue in their various districts are directed to avail themselves of such facilities as may be afforded them through the courtesy of the newspaper press to inform the public that all inquiries in regard to internal revenue matters should be made through their offices; and if the questions presented are of a complicated nature, or have not heretofore been officially decided, then reference may be made to this office.

N. B. Scott, Commissioner.

It has been held that consumption is hereditary and the fact that one person of a family had died with consumption was considered a sure sign that others of that family could not escape it. This is partly true and partly untrue. A man with weak lungs is likely to transmit that weakness to his children. But there is no reason in the world why the weakness should be allowed to develop. Keep the lungs full of rich, red, wholesome blood, and the weakness will disappear. Decayed tissues will be thrown off, and new material will be added until the lungs are well and perfectly strong again. This is the thing that Dr. Pierce's Golden Medical Discovery does. This is what makes it cure 98 per cent. of all cases of consumption where it is taken according to directions. It searches out disease germs wherever they may be in the body and forces them out of the system. It supplies the blood with rich, life-giving properties. It makes the appetite good, digestion perfect. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

THAT TOBACCO COMBINE.

Franklin County Farmers Call on the Courts to Fight It—People Asked to Organize.

Franklin County farmers held a mass convention in Frankfort on Monday, and passed the following resolutions denouncing the plug tobacco combine:

WHEREAS, The farming interests of Franklin County have become endangered by the formation of a gigantic trust with the purpose of controlling the prices of leaf tobacco in the United States; therefore, be it

Resolved, By the farmers of Franklin County, in convention assembled, that our United States District Attorney, Hon. R. D. Hill, and our Attorney General, Hon. W. S. Taylor, and our Commonwealth's Attorney, Hon. Robert Franklin, are requested to confer and take such steps as may be necessary to prevent or dissolve said combination.

Resolved, That we call upon the people of the State to meet at their county seats and organize for the purpose of assisting in fighting said trust.

Resolved, That we call upon the people of the State, without regard to party, to assist us.

Resolved, further, That the organization be made permanent, and that if necessary we employ counsel to assist our law officers, and that we fight this unholy combination to the death.

Rev. W. D. FRAZER, of Oceanside, Cal., will deliver a free lecture at the Christian Church to-night at seven o'clock. Subject, "The Divinity of the Bible, Shown By the Fulfillment of Prophecy According to Infidel Testimony." The public invited.

WONT FREEZE.

A German Plan to Avoid a Common Winter Nuisance.

[Philadelphia Record.]

This is a problem that confronts almost everybody where large systems of water-piping are in use. A new German process designed to prevent this goes one step farther, and provides an opportunity for its expansion by cold. Into the iron pipe as far as it is above ground there is inserted a second narrower pipe of thin sheet tin or lead, which is filled with an elastic substance, such as rubber, for instance. The insertion remains unaffected by ordinary pressure, but if extreme cold should cause the water to freeze the elastic insertion is compressed by so much as the volume of water is increased by freezing. In thawing the insertion expands again to its original circumference. The tin or lead around the insertion is for the purpose of preventing the water from assuming an unpleasant taste or odor. Water pipes provided with such insertion withstood a cold test of 40 degrees centigrade, while others that were not provided with it burst every time.

PERSONAL.

—Col. Green R. Keller, of Carlisle, is in town to-day.

—Councilman Frank Dieterich has been visiting at Mt. Sterling.

—Mrs. James Dills has been visiting relatives at Winchester since Saturday.

—Prof. I. S. Kay, of Lewisburg, has returned from a visit to his brothers, Z. A. Kay, of Mt. Oreb, O., and Prof. Thos. Kay, of Mowrystown, O.

—Covington Commonwealth: "Mrs. Lee Mannen leaves on Saturday with Col. Sam Moree. She will go directly to Eagle Pass, Texas, and join her daughter, Mrs. Massie Stapp."

How to Drink Water.

There are few people, we think, who thoroughly realize the value of water as a beverage or who know how to obtain the greatest advantage from it. The effects produced by the drinking of water, as pointed out by our excellent contemporary, Health, vary with the manner in which it is drunk. If, for instance, a pint of cold water be swallowed as a large draft, or if it be taken in two portions with a short interval between, certain definite results follow—effects which differ from those which would have resulted from the same quantity taken by sipping. Sipping is a powerful stimulant to the circulation, a thing which ordinary drinking is not. During the act of sipping the action of the nerve which shows the beats of the heart is abolished, and as a consequence that organ contracts much more rapidly, the pulse beats more quickly and the circulation in various parts of the body is increased. In addition to this, we find that the pressure under which the bile is secreted is raised by the sipping of fluid. And here is a point which might well be noted by our readers: A glass of cold water, slowly sipped, will produce greater acceleration of the pulse for a time than will a glass of wine or spirits taken at a draft. In this connection it may not be out of place to mention that sipping cold water will often allay the craving for alcohol in those who have been in the habit of taking too much of it and who may be endeavoring to reform, the effect being probably due to the stimulant action of the sipping.

Charged With Bigamy.

Lima, O., Nov. 10.—W. P. Neville of this city, in jail at Nicholasville, Ky., on a charge of bigamy, may be brought to this state for trial, as his second wife, Miss Blackner, says they were married in this state. Neville has sent word that he was never married to the woman here, but she says the records of Hardin county will show they were legally wed. She is anxious to prosecute him.

William's Visit to Spain.

Madrid, Nov. 10.—Inquiries made here concerning the proposed visit of the Emperor of Germany to Spain show that the Spanish government has been notified that two German warships, one of them having the Emperor and Empress of Germany on board, will arrive at Cadix on Nov. 20. But it is claimed it is not known whether the visit of their majesties is of a private or an official character.

All For Love.

Montreal, Nov. 10.—Norman Cole shot and instantly killed Mathilde Lavigne, then turned his revolver on himself and sent a bullet through his brain. The murder and suicide took place in a little candy store kept by the young woman's mother. Cole left a letter stating that he intended to kill himself for love of Mathilde Lavigne.

Brothers' Fatal Quarrel.

Toledo, Nov. 10.—Joseph Woodward, a farmer living near Richfield Center, 10 miles from here, is dead from the effects of injuries inflicted with a jack-knife in the hands of his half-brother, Edward Woodward. Result of a quarrel over a trifling matter.

To Evacuate Fashoda.

Cairo, Egypt, Nov. 10.—Major Marchand and Captain Barattier start for Fashoda on Thursday or Friday to carry out the evacuation of that place by the French garrison, which will retire by way of Abyssinia to Jidda, a six month's journey.

The Apaches have three different kinds of violins, each having but one string and played with a small bow.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

Fire at Lorain.

Lorain, O., Nov. 10.—A disastrous fire occurred at the Lorain steel works entailing a loss of \$20,000. The roundhouse, in which two large locomotives had been left, was discovered to be on fire. There was no steam up in the engines, and it was impossible to remove them from the burning building. The origin is unknown.
